INFORMATION EXPEDITERS

ORGANIZE for DEMOCRACY tNN

INFORMATION EXPEDITERS:

1. Information Expediters (IEs) are persons in NUs who volunteer to help persons and work groups in tNN to find information they need but are having trouble finding. They will be topic specific.
2. IEs can also **operate in teams** who operate to compliment one another to make a more thorough coverage of a topic.
3. Ideally, **search engines** will help immensely to find information. But tNN will not have these until it become huge in number and has massive programming support.

ORGANIZE for DEMOCRACY tNN

INFORMATION EXPEDITERS (continued):

4. Information Expediters (IEs) can be accessed by going to the NIN and examining a menu for references on various topics.
