## GROWING THE NETWORK!

tNN

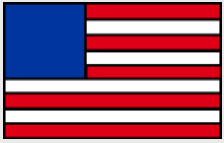

1. Expect that growth **will not proceed so orderly**.
2. At times, growth will be **slow** – as tNN neighborhoods struggle to learn how to operate and cooperate, as the number of neighborhoods becomes huge, and to overcome obstacles.
3. When people are clicking and results good – growth may be **phenomenal**.
4. The notion of geometric progression applies to the tNN. **A good concept multiplies** as it propagates.

## STARTING A NEIGHBORHOOD

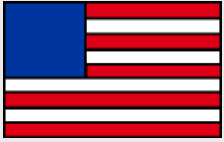

# STARTING A NEIGHBORHOOD tNN

1. A **small core** of interested people in the neighborhood meet.
2. They **find a place** for the neighborhood to meet regularly.
3. They create a **pamphlet** which briefly describes the tNN and establishes the time and place of the first neighborhood meeting. These are passed out door to door.

## STARTING A NEIGHBORHOOD tNN

4. The **Introduction to tNN** slide presentation may be presented at the first meeting, and the **web-sites** of several tNN neighborhoods can be visited.
5. Arrangements are made for the **second meeting** at which further slides and discussion take place.
6. A “pair of **coordinators**” is chosen by the neighborhood to arrange for, and moderate the next several meetings.

## IT'S UP TO US!

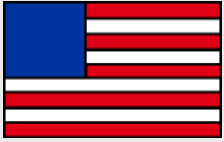

# ITS UP TO US!

tNN

1. If selfish people can get together to accomplish their ends, why cannot good men and women work together to accomplish theirs?
2. Nothing good happens until you and I make it happen.
3. The tNN is nothing more than you and I accepting our responsibilities as mature adults.
